non stained	with natural wood stain	with mahogany wood stain	with walnut wood stain

LOW TABLE
Ref. 10 0640

Presentation

The Opera line fits all architectures by its traditional line and its good qualitative look. It can be discreet when the context is dense or, on the contrary, impose itself if the environment is simple.

With its sober design, the Opera line of street furniture offers 3 and 2 place seats, individual chair and low table.

Description

The **seating parts and backs** of the seats and the chair are made of 38 x 105 mm **wooden slats**. The **legs** are made of **cast iron**. They are assembled using concealed screws.

The **board of the low table** is made of 6 **wooden slats**, 33 x 105 mm thick. The **legs of the low table** are made of 4 mm thick steel **corner pieces**. The base plate of this leg is 8 mm thick.

The low table is assembled with tamper-proof screws on wooden inserts.

Our woods are exclusively collected in sustainably managed forests. Of high quality, they are PEFC labeled for local sourcing, FSC® labeled for exotic hardwoods, or comply with the EUTR (EU Wood Regulations).

Stained wood: after the application of a **flow coat**, the wood is coated with an aqueous, solvent-free wood stain emulsion to guarantee added protection and durability.

For optimum protection against rust and long-term performance, the steel elements are zinc coated first, and go through our powder blast process (after having been cleaned and shot-blasted, the parts are coated with a primary layer of epoxy powder, followed by a second layer of polyester powder).

4 anchoring points.

Delivered assembled.
