> Présentation

The Victoria range creates an atmosphere of relaxation and idleness. The warmth of the wood and the sober lines of the furniture give a feeling of well-being to the user and a touch of romance to your green spaces. They are subtly integrated into your urban layouts and parks to create a romantic and refined atmosphere. The range offers a 3 place seat, armchair, bench and high and low tables.

> Description

The 3 place seat and armchair are composed of a seating part, a backrest and 2 wooden legs.

The leg is filled with a 90 x 33 mm section armrest, made of 60 x 50 mm slats, and of a 45 x 22 mm section cross bar.

The **seating** is made of a 84 x 33 mm front cross bar, 5 slats 75 x 33 mm thick, 2 lower cross bars 50 x 40 mm thick and of a 25 x 33 mm middle reinforcement.

The **backrest** is fitted with 90 x 33 mm crossbars and 84 x 40 mm slats.

The bench consists of a seating part and 2 wooden legs. The cross-section of the slats is 75 x 33 mm.

The wooden parts of the legs and the seat are assembled using mortise and tenon joints glued with star nails for reinforcement. (not visible). The seat of the bench is screwed to the legs.

The **low table consists of a board and wooden legs.** The slats of the low table board are made of wood with a 84 x 33 mm cross-section. The legs of the low table are made of 60 x 60 mm slats.

The **high table has a wooden board and wooden legs.** The slats of the plate of the high table are made of 80 x 33 mm slats (110 x 33 mm for the end slats). The legs of the high table are made of 70 x 70 mm slats.

The furniture is assembled using wood screws.

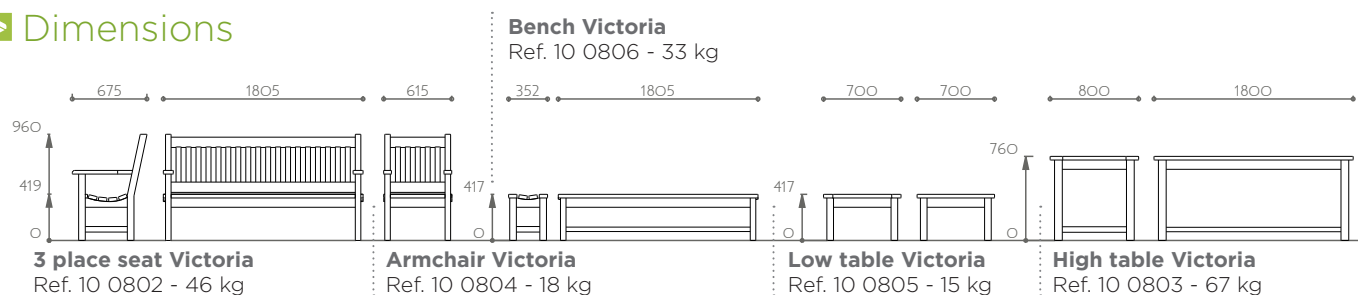

Our woods are exclusively collected in sustainably managed forests. Of high quality, they are PEFC labeled for local sourcing, FSC® labeled for exotic hardwoods, or comply with the EUTR (EU Wood Regulations).

Stained wood: after the application of a **flow coat**, the wood is coated with an aqueous, solvent-free wood stain emulsion to guarantee added protection and durability.
