

### Information about the product

|                                         |                     |
|-----------------------------------------|---------------------|
| Dimensions                              | 136 x 230 cm        |
| Safety zone                             | 436 x 530 cm        |
| Safety zone area                        | 18,1 m <sup>2</sup> |
| Overall height                          | -                   |
| Free fall height                        | 90 cm               |
| Amount of users                         | 1                   |
| Product complies with EN 1176-1:2017-12 | Yes                 |
| Availability of spare parts             | Yes                 |
| Age range                               | 3-12                |

According to EN 1176-1:2017-12 norm, the product requires applying a safety surface according to the product's free fall height.

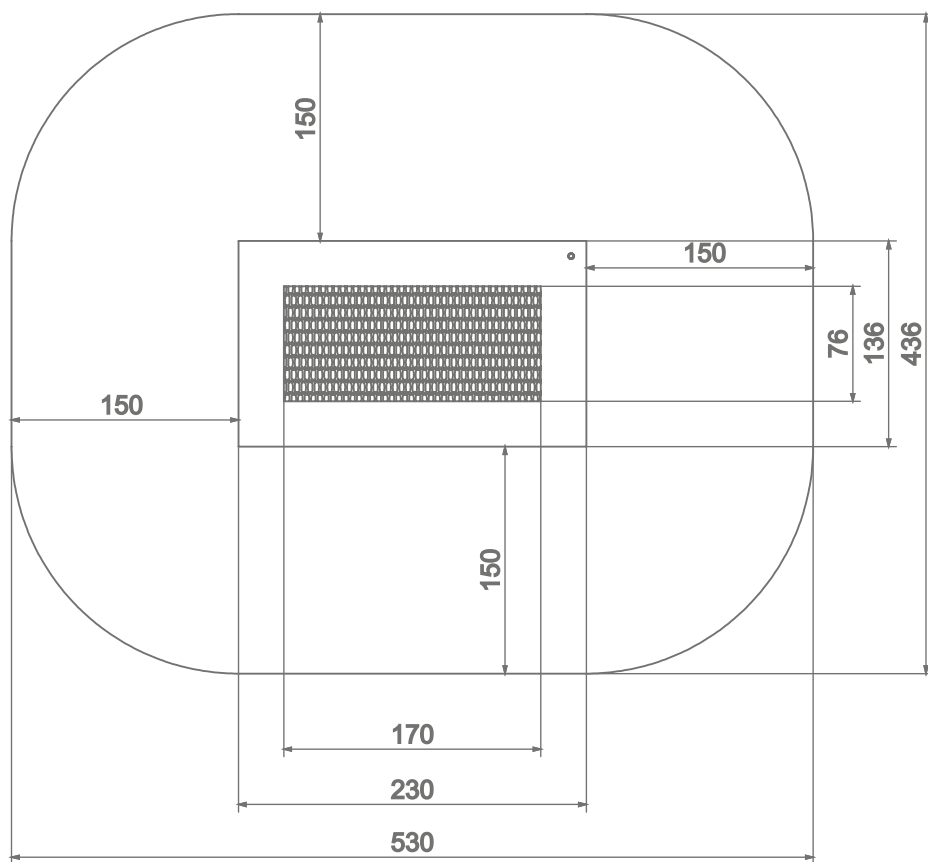

### Functions

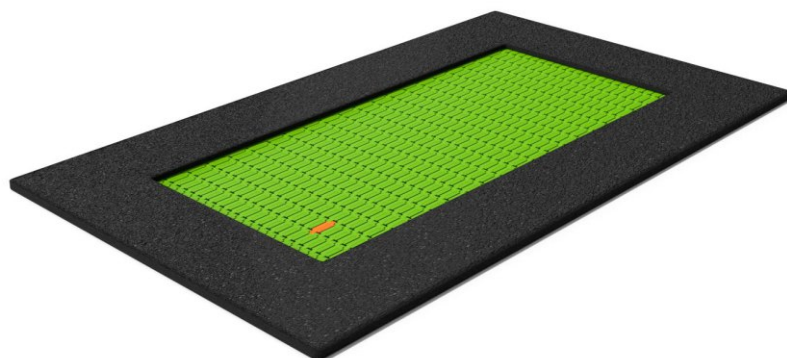

Jumping

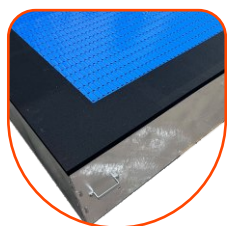

Socializing

1:50

## Materials

Solid welded construction made of 3 mm metal sheet, hot-dip galvanised.

Black SBR rubber surface, 30 cm wide, crush-resistant, cut-resistant, from a 30 mm thick sheet.

Anti-slip jumping mat, abrasion-resistant. Spacing between slats = 3mm.

Anti-slip trampoline slats made of injection-moulded polyamide.
