

PRODUCT CODE:
55005V-DARK_BROWN-
GREEN

RECO PLAYTOWER 5.0

RECO

DEVICE DATA

PROJECTION AND VIEW OF THE DEVICE

The device is difficult to access

Compliance with the PN-EN standard: 1176-1:2024-03

Number of users : 30

Age group : 5+

Width : 7.18 m

Length : 5.91 m

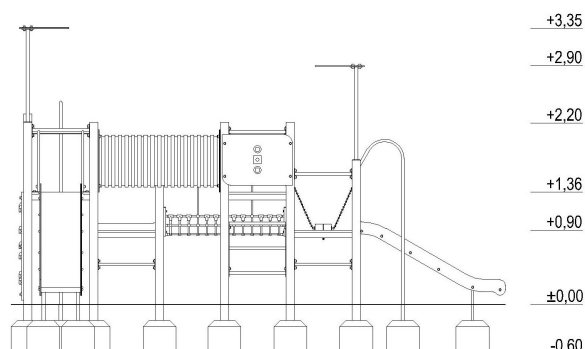

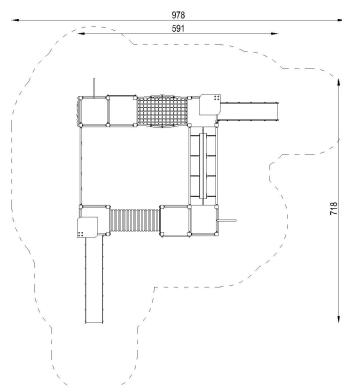

Height : 3.35 m

Minimum space required: 9.78 m x 10.63 m

Free fall height: 2.20 m

Fall area: 65.90 m²

Foundation depth : - 0.60 m

COMPONENTS

Tower with roof, platform height 0.90 m: 1 pc.

Tower with roof, platform height 1.36 m: 1 pc.

Tower without roof, platform height 0.90 m: 2 pcs.

Tower without roof, platform height 1.36 m: 2 pcs.

Vertical climbing wall, height 1.36 m: 1 pc.

Vertical ladder: 4 pcs.

Slide, height 0.90 m: 1 pc.

Slide, height 1.36 m: 1 pc.

Fire pipe, height 0.90 m: 1 pc.

Fire pipe, height 1.36 m: 1 pc.

Rope bridge: 1 pc.

Tunnel passage: 1 pc.

Suspended Balance Beam : 1 pc.

Vertical interlace: 1 pc.

TECHNOLOGY

Structural legs: beams made of recycled plastic conglomerate , cross-section 100x100mm, brown (dyed in the mass)

Roof elements: HDPE board, 15mm thick, dyed throughout

Platforms, stairs: conglomerate slab made of recycled plastics , 25mm thick, brown (dyed throughout), mounted on joists made of the same material as above, cross-section 70x70mm

Steel elements: galvanized steel, powder coated

Slide: sides made of 15mm thick HDPE board, slide made of 1.5mm thick AISI304 stainless steel sheet

Climbing wall: handles made of resin-based material , attached to a 25mm thick, brown (mass-dyed) conglomerate

board made of recycled plastics

Tunnel: PVC pipe, mounted on HDPE boards

Ropes: polypropylene with steel braiding, connected to each other by plastic connectors

End caps: plastic

Foundations: concrete class C 12/15 minimum

Due to continuous improvement of technical solutions, the presented drawings, including colors and dimensions, may differ slightly from the currently manufactured devices.
