

PRODUCT CODE:
40033A

ROBINIA GAZEBO

GAZEBOS

DEVICE DATA

PROJECTION AND VIEW OF THE DEVICE

The device is difficult to access

Compliance with the PN-EN standard: 1176-1:2017-12

Number of users : 20

Age group : not applicable

Width : 6.35 m

Length : 5.51 m

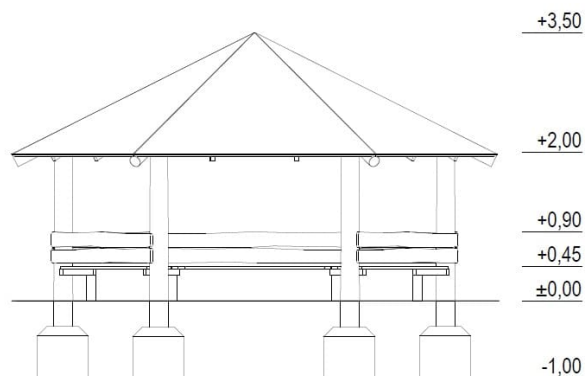

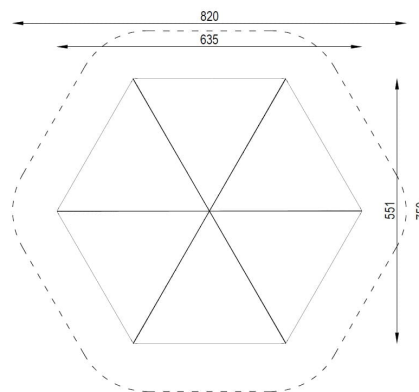

Height : 3.50 m

Minimum space required : 8.20 x 7.50 m

Free fall height : 0.45 m

Fall area : 48.03 m²

Foundation depth : -0.60 m

COMPONENTS

Supporting structure: 1 set

Roof: 1 set

Bench: 5 pcs.

TECHNOLOGY

Construction: acacia beams, naturally shaped, diameter 140-180mm, debarked with the pulp removed and sandblasted

Roofing: bituminous shingles

Caps : system caps made of plastic, dimensions adapted to the mounting screws used

Foundations: concrete class at least C12/15

Due to continuous improvement of technical solutions, the presented drawings, including colors and dimensions, may differ slightly from the currently manufactured devices.
