

PRODUCT CODE:
10018-2-4A

DOUBLE DRAGONFLY SWING

SWINGS

DEVICE DATA

PROJECTION AND VIEW OF THE DEVICE

The device is difficult to access

Compliance with the PN-EN standard:
1176-1:2024-03

Number of users : 2

Age group : 2+

Width : 4.00 m

Length : 0.43 m

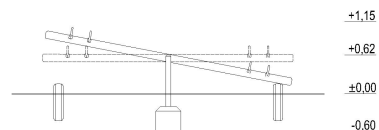

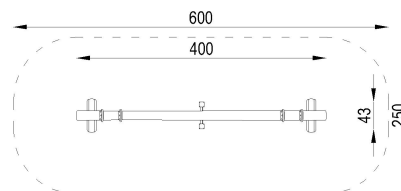

Height : 1.15 m

Minimum space required : 6.00 x 2.50 m

Free fall height : 1.15 m

Fall area : 14.12 m²

Foundation depth : -0.60 m

COMPONENTS

Supporting structure: 1 set

Seat: 2 pcs.

Tires : 2 pcs.

Handles: 4 pcs.

TECHNOLOGY

Structural legs: powder-coated galvanized steel

Horizontal beam: acacia wood, peeled, cleaned of pith, sanded

Handles: powder-coated galvanized steel

Caps : system caps made of plastic, dimensions adapted to the mounting screws used

Foundations: concrete class at least C12/15
