

PRODUCT CODE:
WPZ08-0-PBL

WINDPLAY 8.0 - DOVE BLUE

UNCATEGORIZED

DEVICE DATA

PROJECTION AND VIEW OF THE DEVICE

The device is difficult to access

Compliance with the PN-EN standard: 1176-1:2024-03

Age category: 3+

Number of users: 40

Width : 7.28 m

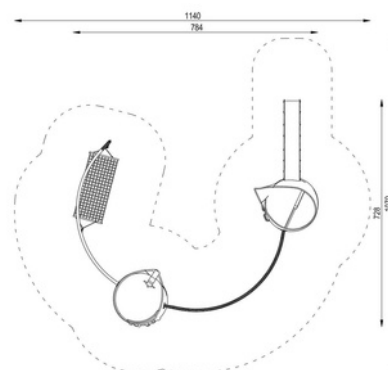

Length : 7.84 m

Height : 3.85 m

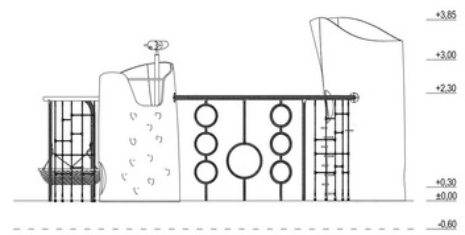

Minimum space required: 11.40 x 10.70 m

Fall area: 74.29 m

Free fall height: 2.20 m

Foundation depth: -0.60 m

COMPONENTS

Tower type "B" 1 pc.

Tower type "C" 1 pc.

Platform, height 0.30 m 1 pc.

Platform height 0.90 m 2 pcs.

Platform height 1.50 m 1 pc.

Platform height 1.80 m 1 pc.

Platform height 2.10 m 1 pc.

Slide, height 1.50 m, 1 pc.

Vertical rope B 2 pcs.

Climbing wheels : 1 pc.

Hammock : 1 pc.

Sighting telescope 1 pc.

TECHNOLOGY

"Windplay" tower: obtained from windmill propeller blades - a material made of polymer composites, reinforced with glass fiber, embedded in a polymer matrix, painted with polyurethane paint

Platforms: HPL board, 10mm thick, anti-slip with a "hexa" layer, based on a steel structure, hot-dip galvanized and powder-coated

Slide: stainless steel slide

Arched structure: steel pipe with a diameter of 88.9 mm, galvanized, powder coated

Climbing wheels: steel tubes with a diameter of 42.4 mm, galvanized, powder coated

Ropes: polypropylene with steel braiding, connected by polyamide connectors, flame retardant

Hammock: plastic straps, vandal-resistant

Climbing holds: resin-based material, attached to the supporting structure with machine screws

Telescope: stainless steel housing, 100mm lens; 50x magnification, 360° horizontal rotation, 60° vertical tilt

Foundations: C16/20 concrete

Due to continuous improvement of technical solutions, the presented drawings, including colors and dimensions, may differ slightly from the currently manufactured devices.
