

PRODUCT CODE:  
WPZ09-0-PBL

WINDPLAY 9.0 - DOVE BLUE

UNCATEGORIZED

DEVICE DATA

PROJECTION AND VIEW OF THE DEVICE

The device is difficult to access

Compliance with the PN-EN standard: 1176-1:2024-03

Age category: 3+

Number of users: 40

Width : 9.26 m

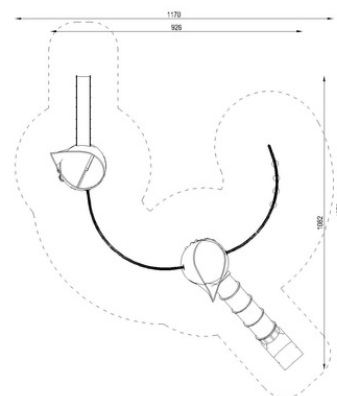

Length : 10.82 m

Height : 5.40 m

Minimum space required: 11.70 x 13.79 m

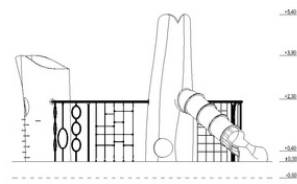

Fall area: 87.80 m

Free fall height: 2.20 m

Foundation depth: -0.60 m

---

## COMPONENTS

Tower type "C" 1 pc.

---

Tower type "D" 1 pc.

---

Platform, height 0.30 m, 2 pcs.

---

Platform height 0.90 m 2 pcs.

---

Platform height 1.50 m 2 pcs.

---

Platform height 2.10 m 2 pcs.

---

Tubular slide, height 2.10 m, 1 pc.

---

Slide, height 1.50 m, 1 pc.

---

Vertical rope net A 1 pc.

---

Vertical rope net B 1 pc.

---

Climbing wheels : 1 pc.

---

Fitness poles 4 pcs.

---

## TECHNOLOGY

"Windplay" tower: obtained from windmill propeller blades - a material made of polymer composites, reinforced with glass fiber, embedded in a polymer matrix, painted with polyurethane paint

---

Platforms: HPL board, 10mm thick, anti-slip with a "hexa" layer, based on a steel structure, hot-dip galvanized and powder-coated

---

Tubular slide: made of prefabricated segments, cast from polypropylene using the rotomoulding method, segments connected by means of machine screws and nuts

---

Arched structure: steel pipe with a diameter of 88.9 mm, galvanized, powder coated

---

Slide: stainless steel slide

---

Ropes: polypropylene with steel braiding, connected by polyamide connectors, flame retardant

---

Play panel: maintenance-free composite elements

---

Foundations: C16/20 concrete

---

Due to continuous improvement of technical solutions, the presented drawings, including colors and dimensions, may differ slightly from the currently manufactured devices.
